MADE IN THAILAND

EARTHMOVER TIRES BIAS

Recommended for heavy dump trucks, scrapers and loaders under the condition of a variety of assignments, with wide generality, special tread compounds design and powerful body structure design, make it has excellent heat resistant abrasion resistance and good performance, increase durability for mine construction.

Size	Ply rating	Type		Standard rim - Inch	Metric	Maximum load kgs / lbs	inflation Pressure Kpa / Psi
		TL	TT				
15.5-25	12	●		12.00	1278	3250 / 7150	250 / 36
15.5-25	16	●		12.00	1278	3750 / 8250	325 / 47
17.5-25	16	●		14.00	1348	4250 / 9350	300 / 44
17.5-25	20	●		14.00	1348	5000 / 11000	400 / 58
20.5-25	20	●		17.00	1493	6000 / 13200	325 / 47
20.5-25	24	●		17.00	1493	6700 / 14770	400 / 58

GRADER/LOADER TIRES BIAS

Recommended for grader, loader excavators and bulldozers works well on soft muddy ground, can play a great traction, and good self-cleaning wide tread provides good buoyancy, it has excellent driving performance on the muddy road

Size	Ply rating	Type		Standard rim - Inch	Metric	Maximum load kgs / lbs	inflation Pressure Kpa / Psi
		TL	TT				
1400-24	12	●	●	8.00 TG	1348	3075 / 6800	250 / 36
1400-24	14	●	●	8.00 TG	1348	3450 / 7600	300 / 44

MADE IN THAILAND

Excellent traction, self-cleaning Patterns
Increased Anti-Ozone/Aging compounds
for longer services and durability.

IRRIGATION TIRES BIAS

Size	Ply rating	Type		Standard rim - Inch	Metric	Maximum load kgs / lbs	inflation Pressure Kpa / Psi
		TL	TT				
11.2-24	8	●		10.00	1103	1150 / 2540	250 / 36
11.2-38	8	●		10.00	1205	1000 / 2200	180 / 26

SKIDSTEER TIRES BIAS

- Deep tread, extra thick sidewall and tough casing ensures longer life. Silica and natural rubber based compound provides greater chip and tear resistance.
- Made to withstand rough concrete surface. Most suitable for scrap yards, recycling operations, mines, etc.

Size	Ply rating	Type		Standard rim - Inch	Metric	Maximum load kgs / lbs	inflation Pressure Kpa / Psi
		TL	TT				
10-16.5	8	●		8.25	773	1880 / 4140	415 / 60
12-16.5	12	●		9.75	831	2865 / 6320	550 / 80
14-17.5	14	●		10.50	921	3875 / 8540	550 / 80
15-19.5	14	●		11.75	1019	4565 / 10060	485 / 70

MADE IN THAILAND

INDUSTRIAL TIRES BIAS (SUITABLE FOR PORT USE)

It is recommended for the terminal port crane and heavy crane series (empty container transfer, reach stack) is generally used for front and rear wheels & fork track, strong carcass, not void, not bulging, good wear resistance, good performance of resistance to penetration and also stable running, special design has strengthened tire circle because the rear wheel of fork track was frequently used, so our tires is the best choice for port machinery..

Size	Ply rating	Type		Standard rim - Inch	Metric	Maximum load kgs / lbs	inflation Pressure Kpa / Psi
		TL	TT				
12.00-20	28		●	8.50	1150	8520 / 18783	1027 / 149

FORKLIFT TIRES BIAS (PNEUMATIC)

- The reinforced bead and shoulder area guarantees longer service life, and more mileage due to harder tread compound.
- It also provides exceptional resistance to puncture and damages on heavy jobs conditions.

Size	Ply rating	Type		Standard rim - Inch	Metric	Maximum load kgs / lbs	inflation Pressure Kpa / Psi
		TL	TT				
500-8	8		●	3.00	469	830 / 1830	790 / 115
